"Mycure for Varicocele is Safe, Painess and Bloodless, and therefore free from surgery in any form."-DR. COOK.

Scrotal Varicoccle has been described as a creeping disease. It stiently steals upon its victim like a thief at night, and before he is really aware of its presence great damaging inroads are made upon his constitution. The veins surrounding the spermatic cord become enlarged and engorged with impure blood and diseased tissue. At times this condition may be accompanied tissue. At times this condition may be accompanied with a dull, heavy, dragging pain in the small of the back, extending down into the parts, low spirits, weak-ness of the body and brain, nervous debility, partial or

complete loss of the sexual power, and not infrequently decline of the general health. All these disagreeable symptoms soon disappear completely and forever under my Varicoccie cure, which is safe, painless and bloodless, and therefore free from surkery in any form. Every clot of stagnant blood and every fiber of diseased tissue are driven from the affected parts, normal circulation is re-established throughout the pelvic region, the weakened organs become strong again, and sturdy manhood

WILL COMMENCE AT THE FAIR GROUNDS.

Delmar People Expect to Inaugurate Racing Campaign at the Old Track.

C. A. Tilles of the Tilles-Cella-Adler com bination departed for the South last night. after spending all day Friday at the Fair Association office with one of his lieutenants, Joe Martin. They inspected the books of the old association, which is expected to pass into control of the Delmar outfit shortly. It is understood that the Tilles-Cella-Adler combination will pay the par value, \$100 a share, for stock of the Fair Association. In addition, they assume the bonded indebtedness of the association, which will make the cost of each share about \$140. The capital stock of the Fair Association amounts to \$500,000. It is understood that fully two-thirds of this will pass into the hands of the Tilles-Cella-Adler combination as soon as the deal is

The future of the Fair Association will not be settled for some time. its prospective purchasers bought the plant for racing purposes. It is reported that racing will be inaugurated there May 1 and continued until the new Delmar track is finished, when the two tracks will alternate. Saratoga Special for Two-Year-Olds

Promises to Be a Great Race.

H. D. McIntyre, secretary of the reorganized Saratoga Racing Association, has announced that three supplementary cominators in the Saratoga special have been received to date. These, with the original infriteen subscribers and the later addition of August Belmont's entry to the race, make seveneen nominations. The new entries are those of J. B. Haggin, Captain S. S. Birown and Michael Murphy. As the Saratoga Stakes closed Monday, there still is time for further entries to the special, which, from the support it has received so far, will be the great feature of the coming summer meeting. The race is, as the title indicates, in the nature of a private sweepstakes of \$1.000 each, half foriest, each subscription already and the full subscription, the race to be at five and a half furiongs, for 2-year-olds, at weight for age. The subscriptions already received appear to guarantee that the special will have a value of more than \$10,000, aside from the plate summer meeting. The race is, as the title indicater, in the nature of a private sweep-stakes of \$1.00 each, half foriert, each subscriber to have the privilege of asming three horses on May 1, one of the title to start on payment of the full subscription, the race to be at five and a half furiongs, for 2-year-olds, at weight for age. The subscriptions already received appear to guarantee that the special will have a value of more than \$10,000, aside from the plate which will be added by the association, and as the subscribers have the privilege of marning the horses, they expect to start late in the season, when the 2-year-olds will have been tried out thoroughly; the race should bring together the very best 2-year-olds of the season.

In all, ten stakes for 2-year-olds, seven for 2-year-olds, six for 2-year-olds and upward, and three for hurdle racers and steeplechasers, to be run at the Saratoga summer meeting, closed on Monday. The entries that have come in already promise exceedingly well, while a great part of the Far West and South, including the California winter race tracks, still are to be heard from.

Mayor Julius Fleischmann will have but one jockey in his employ this year. The name of the young man who will ride under the colors of Cincinnati's chief executive is Dale, and he signed a contract with the Fleischmanns at New Orleans. In speaking of his stable Mayor Fleischmann said:

"The stable this year will be almost as large as that of last season. It has always been the custom of myself and Mr. Welch, the trainer, to get rid of the old horses at the end of each year. The stable this year will be made up of 2-year-olds, with the exception of two 3-year-olds, namely irritable and Blues, which were very successful last year on the different tracks. For that teason we will keep them through this season."

Senator J. S. O'Brien's brown colt Wild Pirate worked a mile and an eighth at Memphis in 1:591, as his final "prep," for the Crescent City Derby, which will be decided at New Orleans Saturday. This was an excellent workout, and the colt has an evident chance of winning the big event of the New Orleans meeting for his bluff owner. He was shipped Monday night and is fit and hearty. A New Orleans dispatch says:

the New Orleans meeting for his bluff owner. He was shipped Monday night and is fit and hearty. A New Orleans dispatch sais:

"From present indications the probable starters, with their riders, are as follows: Hutchinson & Co.'s ch. g. Varro (Caywood), A. H. & D. H. Morris's b. c. Choice (Walsh). J. S. O'Brien's br. c. Wild Pirate (Vandusen). W. C. Fessenden's ch. c. Henry Clay Rye (Cochran), T. H. Stevens's b. c. Picador (Winkfield). T. H. Stevens's b. c. Siddons (jockey yet to be selected). Those named are almost certain to start, the only doubtful one in the list being Siddons, but as the son of Wadsworth and Modjeska in his work with Picador has shown in a way to please his owner, the chances are that he will be a starter. In addition to those named one or more of the following may also go after the rich prize: George Land's b. c. Glen-Bow: Hampshire and Hanswurst, a pair of Hanovers in the stable of Tony Licalzi, and G. W. Poole & Co.'s br. g. Lord Roberts. It is hardly probable, however, that there will be more than six or seven starters. Varro has shown to be the best of those which have wintered and raced here. The son of Pardee has not been out for a couple of weeks, but before he was retired to freshen up for the Derby he 'owered the track record for a mile to 1:39%, and also equaled the local record for seven furlong, 1:25%. He not only possesses unusual speed, but more, he has in some of his races performed as if the Derby route would not bother him. It is safe to say that if the track is fast Saturday the horse that beats Varro will win the Derby. If the track should be heavy Cholce might be dangerous, but otherwise it is hard to figure out that he has a chance with either Varro or Pleador, to say nothing of Wild Pirate."

"I don't know whether it was the bit or whether it was Spencer that made it possible for the Keenes to race Voter after he was brought back from England," said a horseman who spends his summers in New York to a Frisco exchange. "Perhaps it was both. Voter was a wild horse after his trip abroad. I don't know how many different riders Jimmy Rowe put up trying to see if one could not keep him from running away. After much experimenting Jimmy fixed upon a bit of his own invention, which consisted of an ordinary bit incased in a large garden hose. This was put in Voter's mouth and Spencer was mounted. From this time on the Keenes had no more trouble with Voter. Spencer sode him in all his races and rode him to perfection. Voter fought with that bit a

THE FRETTER DUMPED PUBLIC. Mounce Held the Horse Far Out of the Race.

the Race.

REPUBLIC SPECIAL.

San Francisco, Cal., March 15.—The public exhibited bad judgment in the selection of The Fretter to win the last event at Oakland to-day because of his recent clever wins at distances over a mile. No consideration was given the fact that there is a difference between a good horse at a mile and an eighth and the same horse at seven furionss. But the lesson has been learned, for the best The Fretter could do was to show. St. Rica made the pace from the start and had no trouble winning from Torsina at the end. Mounce seemed to be holding The Fretter too far back for one who was trying to win, but it is doubtful if the horse could have done any better if he had not done so. The Fretter was favorite at 2 to 1. Torsina was second choice at 16 to 5, while St. Rica carried 7 to 2.

Dandy Jim took the very close race from Bernato in the second. They raced need and nick up to the paddock and in a driving finish Dandy Jim got the decision by a length. Mounce gave Water Scratch, the favorite in the third event, a very had ride, keeping his mount so far back that it had no chance in the final struggle. Monastle at 8 to 1 won, brating Mike Murphy, who led into the stretch.

MeGRAW'S INDIAN IS A NEGRO. omiskey Says He Is Grant, the Crack

Man of the Page-Fence Glants. REPUBLIC SPECIAL. Chicago, March 15.—There was no REPUBLIC SPECIAL.

Chicago, March 15.—There was no more talk of jumping players yesterday, the rain apparently spoiling the powder that is laid in Ban Johnson's office every afternoon. Comiskey came forward with a declaration to the effect that he could not stand for Muggsy McGraw ringing in Indians on the Baltimore team. "There will be Indian work enough with McGraw and Lattimer on that team," said Commy. "Either of them would do well on the Apache reservation. This Lattimer is a wild-eyed goat from the jumping flats, and what he will do in the American will be a fright. If Muggsy really keeps this Indian I will get a Chinaman of my acquaintance and put him on third. Possibly I might whitewash a colored man. Somebody said this Cherokee of McGraw's is really Grant, the crack negro second baseman, fixed up with war paint and a bunch of feathers."

Grant is an Al ball player, good enough for any company, but for his color. According to the records there has not been a negro player in the National League since 187. Along in those times there was a capable negro infielder on one of teams, but he was driven out by the Southern players of the clubs. It is an open secret, however, that two men of the National League, both fairly prominent, who are now out of the game, were negroes, who simply tended to their work like quiet gentlemen, never had a word to say, and played three seasons without having the slightest trouble.

KENTUCKY FUTURITY CLOSED. Number of Nominations Promises to Break All Records.

REPUBLIC SPECIAL. Lexington, Ky., March 15.-The Kentucky Futurity for \$21,000, the greatest of the year, closed to-day. It will probably be a week closed to-day. It will probably be a week before the exact number of nominations will be made known.

The great stake is divided into three classes, of which \$1,000 is given for 2-year-old pacers, \$5,000 for 2-year-old protters and \$15,000 for 3-year-old trotters. In the opinion of Secretary Wilson, the nominations, judging from those received to date, will exceed the record of 1500, the largest in the history of the stake, 1,475.

Cherries's Win at New Orleans Caused Complicated Situation Five - Thousand - Dollar Handicap on Coast.

REPUBLIC SPECIAL. New Orleans, La., March 15 - The Crescent City, the first Derby of the year and the century, will be decided to-morrow. It will be the last fixture of the present winte meeting.

The Crescent City only needs age to be called a classic, and as a horse race it derives its importance from its value, and the fact that it marks the closing of the winter season and the opening of the spring and summer season. It is the first hig fixture for 3-year-olds cast of the "Rockles," the first test of the Derby horses,

Derby Starters Analyzed. Wild Pirate's brilliant race and work out in Thursday afternoon in the six-furlong lash has been accepted as overshadowing all the others have done in private and pub-lic. In this race he was giving away from five to twenty-five pounds to some of the best sprinters at the track, and at a game he has shown no special fondness for, yet he was only beaten a nose by a filly he was giving twenty pounds to. His was an ex-hibition of courage, strength and bull-dog tenacity and speed under circumstances to make an ordinary race horse sick at heart. This race alone, no matter how much he outclassed the balance of the field pitted against him as a 2-year-old, makes him look like a sure winner on form. Wild Pirate will go to the post, and a strong favorite at that.

will go to the post, and a strong lavorite at that.

Varro's mile in 15015 vesterday was not accepted as strengthening his cause, and on top of it comes the report that he has trained off, and that he is not the cold he was when he lowered the track record for a mile in 1:25%. This, however, may be one of those ante-post roorbacks. Varro is not a work horse and must have the colors up and the hattle around to inspire him to do his best.

Siddons, a maiden, may be the better of Tom Stevens's pair, the other being Phador. The two worked together yesterday a mile in 1:51. Siddons flashed in front. He is sail to have carried 121 pounds to Picador's 119. Choice, who will carry the all scar-

mile in 1.51. Soldons hashed in front, He is said to have carried 121 pounds to Picador's 119. Choice, who will carry the all scarlet of the Morrises, and who will attempt to applicate the feat of Prince of Veronica in inst spring's Derby, has done all that has been asked of him, although he has never gone the distance; nevertheless his owners and trainer are confident that he will finish in front. He received his final prep at an early hour this morning and was under a strong pull all the way. Heavy Clay Rye was sent the distance late yesterday afternoon. He covered the route in 2.90%. It is said that he had up full weight, and this gives him a chance to finish in the first three. Hanswurst, who is owned by Tony Licalzi, a local turfman, is not considered dangerous. He is still a maider, and has not done anything to entitle him to a chance. He received his final workent in a mile and seventy yard race and was beaten by Unitholin, a chemp selling plater. The weather probabilities for Derby day are clear and coel, and the track will be lightning first. The betting on the Derby in different turf exchapses was very heavy.

Siddons will have the inside rail, while Choice will be on the extreme outside, senator O'Brien, owner of Wild Pirate, the Derby favorite, arrived here to-day from his home, Stillwater, Minn.

Richard Fitzgerald, Secretary of the Hawthorne track in Chicago, arrived this morning. The presence of Mr. Fitzgerald in New Orleans at this time may have a bearing on the presiding judgeship at the Chicago track during the racing there this year, and it is possible that Judge James H. Rees may be prevailed on to accept the position. At all events knowing ones connect Mr. Fitzgerald's visit with this business.

Complicated Situation.

After Cherries had won the second race

At all events knowing ones connect Mr. Fitzgerald's visit with this business.

Commitented Situation.

After Cherries had won the second race it was developed that she was not eligible for the race. Colonel W. J. Baker, owner of Dorothy Lee, who finished second, filed a protest with the stewards and the protest was allowed.

The race was for 3-year-olds that have not won a race since November 29. Cherries, the winner, won a race at Bennings on December 7, and, therefore, she was eligible to start. The stewards were not informed of Baker's protest until the race had been officially announced in the betting ring, and therefore, it was too late to declare all bets off.

The only thing left in the premises to do was to disqualify Cherries and give first money to Dorothy Lee and place Janowood second and Agaras third. Cherries, after she won, was run up to \$1,000 by Frank Hayman, who was acting for Billy Barrick. The race caused a great deal of comment, but the truth of the matter is that Secretary Clark was the one accountable for the error by his carelessness, and the owners of the horse had just recently purchased the filly and put her in the race without looking up her past performances. Quite a killing was made on Sim W. in the fifth race. He was backed down from 2 to 1 to even money at post lime, and won under wraps all the way. Radiant Heat, played down from 25 to 1 to 15 to 1, took the opening event, a maiden affair, in a gallop by four lengths. Palmistry, facing the barrier for the first time, was the hottest kind of a tip, but ran his race at the post and finished in the ruck.

Trebor, heavily played by Archie Zimmer and his friends, took the third in a hard drive by a neck from Locust Blossom.

The feature of the afternoon, the mile handicap, was taken by the favorite. Andes, who was thrown into the race with ninety-eight pounds. Off in front, he was Eever headed, winning in a gallop by two lengths from Dissolute.

Palm Beach, Tia, March 15.—This has been an exceptionally busy day for the gott enthusiaste, for, independent of the big thirty-six fole professional match for \$200 between Arthur II. Fenn, the Palm Each professional, and Bernard Nichols of Eoston, the crily man that ever beat Harry Vardon on American soil, there was an eighteen hole, foor ball match, between George Low and Bernard Nichols on the one side and Arthur H. Fenn and David Hunter on the other, which was also a match for mozey, and there was an eighteen hole mixed foursome handcap in the afternoon for crizes presented by Mr. and Mrs. Franch M. Freeman.

The Fenn-Nichols match was most interesting during the marching round. The long game of Nichols was perfect, but he fell down on his putting over the sand greens. Fenn went out in \$22, and was 4 up at the turn and 3 up at the cud of the morning round, in the afternoon Fenn won handing, being 6 up at the turn and winning the match at the thirtieth hole by 7 up and 6 to play. DICK HARLEY'S GREAT LUCK.

Young Bail Player Received \$1,500

Bonus for Signing a Contract.

"Dick" Harley is one of the most fortunate young bail players of the period, and that Richard deserves the small fortune he has secured out of the present turnoil isn't putting it any too strong. When Harley signed last week to play with the Cincincuit of the present he was given. signed last week to play with the cincin-naticulus the coming season he was given \$1,300 bonus money in addition to a con-tract for \$2,100, which will make \$3,000 he will receive for the next season's work. There is a story and a moral in this dick-er, the latter being that it doesn't always er, the latter being that it doesn't always pay to be too graspling.

Last year Harley put up such a wonderful game for the Detroit American League Cluo that Cincinnati offered Detroit \$3,000 for his release.

The Detroit club, of which George T. Stallings is manager, was willing to make the deal and so was Harley. The hitch came when Harley wanted \$750 of the purchase money, which would have left \$2,250 for Stallings and his partner, Jim Burns. Stallings made two trips to this city and each time he was willing to hand over only \$200 to Elchard.

It was said that he had signed with the Boston American League club and would not be in St. Louis next season. "I have not signed with any club." said Young yesterday. "I will sign where I think I can do myself the most good. I think the baseban war provides an opportunity for the players to make a little money. I am no longer a kid. My baseball days are limited. I am anxious to feather my nest while I am good. So I will look for hig money. Mr. Robison has always treated me well. He may rest assured that I will not treat him iii. VALE LOSES GOOD FOOTBALL MEN. Bloomer "Rustiented." While Hale and Sharpe Are Out.

An old Yale custom that has been followed

and old Yale custom that has been followed seldom of late years has been revived in the case of Ralph J. Bloomer of Cinclinanti, O., one of the big football tackles, and the last has been "rusticated" in charge of a clergyman for the next four months. Bloomer bade his friends good-by Thursday and left for Stratford, Conn., where he is to be tutored by the Reverend A. J. Shirley, a Yale alumnus. Until the next examination of the college year, late in June, Bloomer will not visit New Haven.

Bloomer's case is an interesting one, He is a good student and carried himself through the football season by dint of hard study safely over the 23 mark required in the case of athletes, and in December passed in all but one study. He failed in the single exception because he had really entered college one year early, consequently was handicapped. In two successive trial examinations he also failed in the particular study. By college rules he stood a "dropped man," and unless there was special legislation he could return next fall only as a freshman and ineligible for the football eleven because of having been dropped. The faculty considered the case, and, in view of his good rank in the other studies, he was given his choice, namely, to be "rusticated" or to begin the football career.

When the football season was finished at New Haven last fall there was a general feeling of satisfaction on the part of the students that Yale had so many good men in line for the year 180. If the team continues to lose members as it has for the last three weeks it will be necessary for the coaches to begin almost from the bottom when they take hold of the players next fall.

First came the statement that "Al" Sharpe would not blay football next season. This was soon followed by the news that Bloomer had been dropped from his class. Perry Hale, the big full back, has signed an agreement to coach the Phillips Exeter team next fall. which takes Hale of the team fer good. Thus three of the biggest men on the team have dropped out of the part of t

men on the team have dropped out of the game.

The loss of three such stars will make a big difference in Yale's football prospects for 1961. No one of these men can be replaced. Such men as these do not enter college every day and rarriy come in bunches. Add to the loss of these men the denarture of Fincks. Wear, Olcott, Brown, Stillfham, Coy and Richardson, and Yale's prenomenal rush line of 1909 will look like a end wreek. This latter nunch of players will all graduate in June.

There has been considerable talk that 'Dick' Sheldon would be the next to drop out of the college So far as any one knows there is no ground for this story.

ENGLISH CHALLENGE ACCEPTED. Committee Appointed to Arrange for

Committee Appointed to Arrange for International Tennis Tourney.

New York, March 15.—At a meeting tonight of the Executive Committee of the United States Lawn Tennis Association, it was announced that the challenge for competition in the international tennis tournament, to be held in this country, made by the English Lawn Tennis Association, had been accepted some days ago.

President Palmer E. Presby of Boston was authorized to appoint a committee to make all arrangements for the coming international event. This committee will name the place and date for the holding of the tournament. Other than this no action has yet been taken regarding the event. It was stated that each team would be limited to four men.
